Your Gateway to Efficient Connectivity

With a standard 9-pin DSUB at one end and a 16-pin OBD-II connector at the other, this 30 cm cable connects the Kvaser Leaf v3 or any CAN interface to any vehicle with an OBD-II port. Kvaser's adapter cables have a ruggedised construction that meets demanding use cases. An in-house designed compact OBD-II connector attaches to the cable with extra strong strain relief, allowing the cable to bend easily to 90 degrees.

 **Warranty**
2-Year warranty. See our general conditions and policies for details.

 **Support**
Free support for all products by contacting support@kvaser.com

 **EAN**
73-30130-01391-9

Major Features

- Standard 9-pin DSUB connector
- OBD-II Type B connector
- 300 mm (0.98 ft) long cable made of durable thermoplastic rubber.
